8. Key Findings

- Rana Khalil delivered the highest reach (553,900) across 5 tracked posts.
- 2 creator(s) invoiced above contract value; finance should confirm before further payouts.

Operational Observations

- 2 missing-deliverable case(s) detected.
- 1 late publication(s) vs contract deadlines.
- 1 published post(s) lack an analytics snapshot.
- 3 low-confidence and 0 unknown creator link(s) awaiting human review; nothing was merged automatically.
- 1 duplicate invoice number(s) found.

9. Recommendations

1. Resolve invoice variances with creators before releasing remaining payments.
2. Release pending payments for creators who completed all deliverables.
3. Request missing analytics exports so performance reporting is complete.
4. Chase unpublished contracted items ahead of campaign close-out.

All figures in this report are computed directly from reconciled source files (contracts, invoices, payouts, deliverables and analytics exports). Narrative sections may be AI-assisted but never alter numeric values. Report narrative source: deterministic template.
